FEDERATION OF ABORIGINAL NATIONS OF AMERICA

July 6th, 2016

Neesu Wushuwunoag,
Director General
Federation of Aboriginal Nations of America (FANA)

Tushka Humoc Xelup,
Director General
NAAIP International,

Dear Tushka Humoc Xelup,

Please be advised that the **Federation of Aboriginal Nations of America (FANA)** is in receipt of your July 1st correspondence. As the NAAIP Director General is well aware, the **Federation of Aborigine Nations of America**, founded by Chakchiuma in 2012, is a distinct and separate institution from the **Federation of Aboriginal Nations of America (FANA)**. As the NAAIP Director General is well aware, the **Federation of Aboriginal Nations of America (FANA)** began in 2011 as a confederation of aboriginal Tribes and Nations from the New England territories that were seeking to address ongoing violations of their inherent aboriginal rights. As the NAAIP Director General is also well aware, the **Federation of Aboriginal Nations of America (FANA)** was founded by **FANA Superior Chief Po Wauipi Neimpaug**, Sagamore of the Pokanoket Nation & Sagamore of the Affiliated Tribes of New England Indians, **FANA Director General Neesu Wushuwunoag**, Pomham Sachem of the Mashapaug Nahaganset Tribe & Sunnadin Sachem of the Nehantick-Nahaganset Nation, and **Principal Chief Yonaguska Holloway** of the Sand Hill Band of Lenape and Cherokee Indians. As such, the NAAIP Director General's claim of authority or jurisdiction to demand that the **Federation of Aboriginal Nations of America (FANA)** members resign and cease all efforts concerning the **Federation of Aboriginal Nations of America (FANA)** has no merit and is formally rebutted and denied.

Pertaining to the NAAIP Director General's claim that **Federation of Aboriginal Nations of America (FANA)** members have "acted in a manner counter to the Confidentiality and productive development of NAAIP", the **Federation of Aboriginal Nations of America (FANA)** members who are identified in the NAAIP Director General's claims do now hereby and formally request to be informed of and provided with ***1) a copy of the specific NAAIP policies that have been violated, 2) the specific date of and circumstances surrounding these alleged violations and 3) the specific process utilized by the NAAIP Director General to conclude that expulsion from the NAAIP Department of Commerce Claim is legal, lawful or appropriate.*** The **Federation of Aboriginal Nations of America (FANA)** members identified in the NAAIP Director General's claims do hereby request to be provided with these specific items at a date of no later than 30 days from the NAAIP Director General's receipt of this communication.

Pertaining to the NAAIP Director General's request for recension of all Blue Badger contracts and further participation by Hemoc Xelup in ongoing and future matters of **Federation of Aboriginal Nations of America (FANA)** members, this request is formally accepted and all contracts with Blue Badger and Hemoc Xelup pertaining to the filing of Alien Tort Claims by **Federation of Aboriginal Nations of America (FANA)** members is hereby rescinded and absolved. As such all **Federation of Aboriginal Nations of America (FANA)** members are no longer beholden to such contracts in any legal form, fashion or capacity from this point forward.

Pertaining to the NAAIP Director General's claim that "all components and information provided through research efforts and physical application for the suits filed in Washington are herein rescinded and official closure is sent in postal mail.", the **Federation of Aboriginal Nations of America (FANA)** does now formally rebut and deny these claims. As the NAAIP Director General is well aware, there are no intellectual property laws that pertain to these particular matters, court cases are public domain and any cases utilized or cited therein are considered public domain as well.

Further, please be advised that due to ongoing violations of the **Federation of Aboriginal Nations of America (FANA)** confidentiality agreement, which was signed in good faith, and continued actions on the part of the NAAIP Director General that are deemed counter to the confidentiality and productive development of the **Federation of Aboriginal Nations of America (FANA)** by the **FANA Principal Council,** this communication is to serve as official notice that **Hemoc Xelup** has been formally unenrolled as a member of and officially removed from his appointment as **Executive Attaché** for the **Federation of Aboriginal Nations of America (FANA)**. The NAAIP Director General is now required to immediately cease and desist any and all actions, communications and representations of, for and on behalf of the **Federation of Aboriginal Nations of America (FANA)** in any and all official and/or unofficial forms or capacities, to include removal of **Federation of Aboriginal Nations of America (FANA)** related materials, and photographs and video from NAAIP associated social media platforms and web media resources.

If the NAAIP Director General should choose to continue in any of the manners afore mentioned, he will open himself up to potential legal action on the part of the **Federation of Aboriginal Nations of America (FANA).**

In closing, on behalf of the **Federation of Aboriginal Nations of America (FANA),** I thank you in advance for your immediate attention to the matters addressed in this communication.

In Peace, Harmony & Balance,

Neesu Wushuwunoag

Neesu Wushuwunoag
Director General,
Federation of Aboriginal Nations of America (FANA)
